

L2-visual / L3 · episode Fourier PCA (full spectrum vs high-pass band)

One point = one episode. Left: log10(PSD) all freqs. Right: log10(PSD) for $f \geq 0.125$ (25% Nyquist). Same frozen L2/L3 protocols.

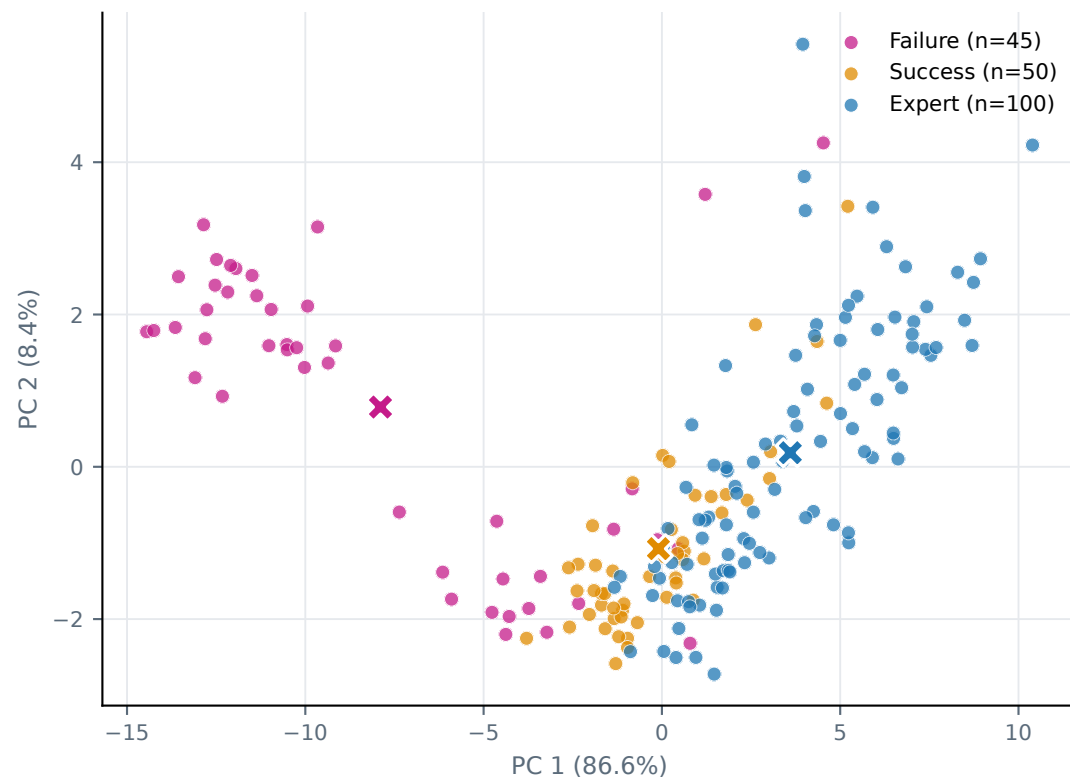

L2 episode log-PSD PCA (full)

L2 episode high-pass PCA ($f \geq 0.125$)

L3 episode log-PSD PCA (full)

L3 episode high-pass PCA ($f \geq 0.125$)
